

Texas Hold'em odds

Odds against a successful draw at the turn

Table I.

Outs	You hold / You want	X:1
21		1.23
20		1.35
15	Four suited connectors / Straight flush	2.13
14		2.36
13		2.63
12	Flush draw + gutshot / Flush or straight	2.92
11		3.27
10		3.7
9	Four suited cards / Flush	4.22
8	Open straight / Straight	4.88
7		5.71
6	Two high cards / Pair	6.83
5	One pair / Two pair or Set	8.4
4	Gutshot straight / Straight	10.75
3		14.67
2	Pair / Set	22.5
1	Set / Four of a kind	46

The odds for the river card are roughly 0.2 below the odds for the turn card.

If your bankroll isn't big enough you should rather skip the marginal draws as it can affect your bankroll dramatically before it evens out. Your bankroll should always be at least 300 times the big bet at the table when playing fixed limit Texas Hold'em.
